**ORDER RE MOTION TO WITHDRAW
AND STIPULATION TO DISMISS**

19 In this and two other related cases, counsel for the plaintiff have filed a motion to
20 withdraw. In each motion, counsel assert that they have lost contact with the plaintiff.
21 Subsequently, in each of these three cases, counsel for the plaintiff filed a stipulated request to
22 dismiss the case without prejudice. Each stipulated request repeats that counsel for the plaintiff
23 have lost touch with their client. And each stipulated request is worded identically. These filings
24 give rise to a number of questions that prevent this Court from approving the stipulated request for
25 dismissal in this case (or the stipulated request for dismissal in the two related cases).
26 Accordingly, the stipulated request is denied, and counsel for both sides should be prepared to
27 explain, at the hearing on the motion to withdraw, what is going on here.

28
IT IS SO ORDERED.
